As the leading Photographic Chemists we have large stocks of new and second-hand Cameras, Cine Cameras and Projectors of all types. Special Show and Demonstration Room at 10 Mardol Head

At both 10 Mardol Head and 6 Castle Gates we have specially equipped optical rooms with only qualified opticians in attendance

Films processed at our own works. Quality and satisfaction guaranteed together with a quick service

THE CHATWOOD SAFE

The triumphs of science are not happy accidents—they are the result of controlled imagination, close calculation, unremitting industry, and unswerving devotion to a definite ideal.

Almost a hundred years of thought and experiment lie behind the security represented by The Chatwood Safe and Strong Room of to-day.

The word “ Safe ” has no real meaning except as a term of degree. A receptacle designed to protect valuables against fire or attack by burglars is a “ Safe ” only as far as every step made by the progress of science has been incorporated in its construction.

Unless you have protection against every up-to-date method of attack, and also against the risk of your Safe remaining perhaps for days covered by the collapsed building in burning debris, then you have not a “ Safe ” in the fullest meaning of the term.

Report of the Board of Management for the Year 1940

MY LORDS, LADIES AND GENTLEMEN,

The Board of Management have pleasure in presenting to the Governors the 193rd Report and Statement of Accounts, which cover the year ended December 31st, 1940.

It is unfortunately necessary, year after year, to preface this Annual Report by reference to loss sustained by your Hospital through the deaths of loyal supporters.

I particularly regret to have to refer this year to the deaths of Mr. A. C. McCorquodale and Mr. Alderman Beddard.

Mr. McCorquodale had been a member of your Board of Management up to the time of his death for more than twenty years, and had always been unsparing in his zeal to help forward in every possible way the work of the Hospital. Apart from his work on the Board of Management, he is remembered as one of our most generous financial supporters, whose gifts over a long period of time have been very frequent and very considerable. One of his earliest gifts was to defray at his own cost our first X-Ray Department, and his last gift to the Hospital was a cheque for £2,000 in celebration of his Golden Wedding Anniversary. The loss of Mr. McCorquodale is deeply deplored by your Board of Management, who remember him gratefully for the considerable help he gave to the Institution for so many years.

Your Board at the same time regret the passing of Mr. Alderman Beddard, who had also assisted the Hospital in every way possible for a great number of years. He became a member of the Board of Management five years before his death, and in that capacity and as a member of the Finance and General Purposes Committee, his vast experience and sound common-sense were assets to our administration.

In reviewing the work and finances of the Hospital for the past year, care must be taken to avoid arriving at false conclusions, because we are now deprived of the ability to compare the result of one year with another and so measure the extent of our progress.

During the year 1939 we gradually took possession of our reorganised and enlarged institution, which gave to us the use of additional operating facilities and extra beds, and, of course, in that year the intervention of war completely upset for a time the routine administration of the Hospital.

Conditions have been more settled during the past year because we have had the advantage of the enlarged institution throughout the whole period, and our establishment for Emergency Hospital purposes has remained constant.

Our normal Hospital bed accommodation is now increased to 201 beds, and to this should be added 67 Emergency Hospital

beds, which have formed part of our establishment throughout the year, making a total at our disposal of 268 beds.

I am glad to report to you that our Emergency Hospital Services are now being utilised up to their full capacity.

You will remember that the Board reported to the Governors when they were assembled in April last their profound dissatisfaction with the administration of the Emergency Hospital Scheme, which, up to that time, had ignored the facilities available in the Voluntary Hospitals. This condition continued to prevail well into the year, despite the best effort of your Board to improve the position. In September last, however, as the result of conversations with the Public Health Committee of the Salop County Council, a joint deputation was received by the Hospital Officer of this Region, who agreed to make certain concessions in the administration of the Emergency Hospital Scheme, notably to include the Infirmary in the list of Hospitals to which cases from His Majesty's Services could be sent.

This concession has brought about the desired result, and since November your Hospital has been able to do its share in this particular phase of National Service.

In addition to the establishment contained in the parent Hospital, a new Hospital Annexe was equipped and opened at Hodnet Hall, where 50 beds have been occupied, principally with air-raid victims, for the past six months.

In addition to work required by the various Services stationed in the county, our facilities have been utilised to treat air-raid victims from the surrounding districts, and up to date, three convoys of casualties have been received.

The foregoing will, I hope, illustrate to the Governors that the work of the institution in wartime varies considerably from that of peacetime, so that no reliance can be placed upon statistical comparisons, which should only therefore be used as an indication of progress and not as a measure of the extent thereof.

In presenting the following brief record of work performed in the Hospital during the year, your Board wish to extend their most cordial thanks to every member of the Staff of the Hospital; the Honorary Medical Staff, the Resident Medical Staff, and the Nursing Staff, whose devotion to duty and solid hard work alone made its accomplishment possible.

The statistics are as follows :—

<i>Hospital Departments—</i>	<i>1940</i>	<i>1939</i>
In-patients	2879	1993
Average days residence per patient ...	22.267	25.08
Surgical operations	2274	1668
New Out-patients	2807	3251
Dental Out-patients	308	304
Accidents and Casualties	8395	7061
Out-patients and Casualty attendances ...	46249	36665

X-Ray Department—

Patients for diagnosis	5475	5143
Skiagrams taken	9549	9058
Superficial and Deep Therapy treatments				1984	1760

Massage Department—

New Patients	740	594
Massage treatments given	13663	11500
Ultra Violet Ray treatments	575	644
Diathermy treatments	753	704

The Governors will, it is hoped, be inspired to believe from a perusal of the above figures that the Hospital has been fully employed during the year, that the scope of its activities have considerably increased, and that in terms of usefulness, definite progress has been made.

Passing now from this record of the year's activities, we come to a review of the financial position, and reference to the published accounts of the Hospital show that our total income last year failed to meet our total expenditure by the sum of £5,580, notwithstanding the fact that credit has been taken in the account for a contribution of £7,000 on account of services rendered to the Emergency Hospital Scheme.

The main causes of this adverse balance are, on the one hand, increased expenditure due to rising costs of supplies, increases of salaries and wages and similar items, which are the direct outcome of the war, and, on the other, an income that has failed not only to keep pace with the increase in our expenditure, but to maintain even its pre-war level.

Your Board wish, however, to point out that the credit of £7,000 taken for Emergency Hospital work is based upon costs for the year 1937, which is the basis of interim payments by the Ministry of Health. Final settlement by the Ministry will, however, be made on the basis of actual cost for the year 1940, and this will have the effect of reducing to some extent the adverse balance reported for the year under review. Credit for any sum to be received under the final settlement cannot, however, be taken until the amount due has actually been agreed with the Ministry.

The fact remains, nevertheless, that the position is a very serious one, and if the voluntary status of the Hospital is to continue, it can only be maintained in difficult times such as these through which we are now passing by every individual who has the welfare of the Hospital at heart doing his or her uttermost, in spite of high taxation and other calls on income, to maintain voluntary income at an ever increasing level. For 193 years the inhabitants of Shropshire have been proud to find the means of enlarging and extending the scope of the Hospital's work, and the Board feel confident that the present generation of Salopians will do their part in maintaining this great tradition.

Your Board feels compelled, however, to draw attention to one factor which contributes to our present financial position as the direct result of the war, and that is the cost of providing Hospital treatment for the greatly increased population of the county caused by the official and unofficial evacuation of people from other areas.

The Ministry of Health is responsible for providing treatment for only one section of this population, the unaccompanied school children ; the rest are left to their own resources, with the inevitable result that the Voluntary Hospitals are called upon to supply their need.

Your Board of Management would be the last to do or to say anything which could reflect in any way upon the proverbial hospitality of this county, but they must insist that evacuated persons requiring Hospital treatment should do a little more to help themselves than they are at present doing.

Many of these patients are either members or dependents of members of contributory schemes operating in the districts from whence they came, and on admission to Hospital they confidently present the benefit voucher of their contributory scheme. Unhappily the migration of people from vulnerable areas is so reducing the membership of schemes operating in those districts that they have been compelled to reduce the rate of payment they are able to make to secure Hospital treatment for their members in other institutions, and in many instances we are now offered payment at the rate of 3s. per day, as a contribution towards the amount of 12s. per day spent by this Hospital in providing the treatment necessary.

As a unit of the Voluntary Hospital system, we appreciate the difficulties of the Hospitals in the vulnerable areas, and we are prepared to do our best to assist nationally wherever we can, but we find it difficult to agree with the demands made by the contributory schemes affected that the acceptance by us of 3s. per day should automatically involve recognition of the first principle of contributory schemes, *i.e.*, that of relieving the patient himself from all financial responsibility. We are prepared and anxious to receive the transfer of members of other contributory schemes now resident in this county to membership of our own scheme, but, failing the willingness of the scheme concerned to transfer the member or the member himself to submit to transfer, we must insist in future that the patient should pay something to meet the difference between the amount paid by his scheme and the cost to the Hospital.

There is another vast population evacuated to this county who are not members of other contributory schemes, and, although we sympathise wholeheartedly with the plight of these people, we cannot indefinitely bear the burden of providing free of cost Hospital treatment as the tangible interpretation of that sympathy.

The very simple means exist for all this population to secure the services of Shropshire Hospitals for themselves, and that is by securing membership of the Shropshire Voluntary Contributory Association, and however reluctantly your Board of Management approach this problem, they are bound to give you this explanation of its effect on our financial position, and to issue a stern warning to the people concerned that we, in common with our Associated Hospitals, expect them to play their part in order that we can all offer our facilities to them when they are in need thereof.

Your Board of Management extend grateful thanks to everyone who has assisted the Hospital during the year under review; to all our Annual Subscribers, and to our donors and to people who have continued to organise efforts on our behalf.

Comparison of the figures published in the accounts section of the report show that the amount of Annual Subscriptions is some £580 more than the previous year, and donations only about £200 less, but both these results are due to the receipt of a very generous subscription of £500 received from the Directors of the Chatwood Safe Co., Ltd., during the year, and to a donation of £250 made by the Directors of the Sentinel Waggon Works, Ltd.

Particularly do the Board thank and congratulate most heartily the organisers of the contributory scheme for another excellent result achieved. It will be seen that the income from the contributory scheme is some £1,600 less than that received in the previous year, but this decrease does not mean that the scheme has been less successful than formerly. On the contrary, the total income of the scheme was £25,284—£2,000 more than in 1939. The cost of payments to other Hospitals to secure benefit for contributory scheme members, however, increased from £1,290 to £4,032, with the result that, after liabilities had been met, approximately the same amount of money was available for allocation amongst Associated Hospitals.

A considerable step forward in Hospital policy, however, was taken during the year by the revision of the contributory scheme into a contributory association including as its Associated Hospitals the Infirmary, the Eye, Ear and Throat Hospital, and the District Hospitals at Wellington, Oswestry, Newport, Ellesmere and Market Drayton. When seven Hospitals therefore share the available balance of the scheme, it is not surprising that there is less for the Infirmary. But we hope, as indeed the Council of the contributory association are confident, that the extension of the scope of the scheme by the inclusion of all the Voluntary Hospitals in the county will bring about the desired result of increasing enthusiasm, spreading the interest, and the recruitment of considerably more members.

Our grateful thanks are extended to the Treasurer, Sir Offley Wakeman, to the preacher, the Bishop Suffragan of Shrewsbury, and to the Plateholders at the Anniversary Service which last year benefited the funds by the sum of £556—£130 more than in the previous year.

In addition to the financial support received as recorded in the general income and expenditure account, our assets have been increased during the year by some considerable donations and legacies given to the Permanent Endowment Fund of the Hospital.

Donations of £500 were received from the Shrewsbury District Ancient Order of Foresters to endow a cot to the memories of the late Fred Withers, Esq., and John Pidduck, Esq., District Trustees, and by Mrs. Morris, of "Lancegaye," Luciefelde Road, Shrewsbury, to endow a cot to the memory of her late daughter.

A legacy of £1,000 was bequeathed by the late Mrs. Marian Inions to endow two cots, now known as "The John Henry and Marian Inions Memorial Cots"; and to the donors of these generous bequests and to the executors of the late Mrs. Inions your Board extend their grateful thanks.

Another considerable legacy was bequeathed to the Permanent Endowment Fund during the year by the late Miss A. L. Pritchard, of Mytton House, Montford Bridge, Shrewsbury, who left her residuary estate to the Hospital, the first £500 for the Samaritan Fund, and the remainder to create a "Thompson Pritchard convalescent Fund."

Up to date we have no reliable knowledge of the extent of this munificent bequest, but we have so far received £500 for the Samaritan Fund, and the first payment of £10,000 on account of the residue.

The Hospital continues to receive other gratifying financial assistance, either as direct contributions or for the creation of special facilities, as typified by a generous gift of Miss Hope Edwardes during the year, who presented a new wireless receiving set of sufficient capacity to meet the needs of all wards.

The enjoyment of this gift throughout the Hospital was made possible by the splendid response of people to a public appeal for wireless headphones, from which sufficient sets were received to equip the entire institution.

Finally, on the question of finance, your Hospital's financial policy was revised by the Governors at their meeting in November, who resolved the appointment of Messrs. Lloyds Bank, Ltd., as Corporate Trustees to the Hospital.

There have been certain staff changes during the year—notably the addition of three Honorary Assistant Surgeons and one Honorary Assistant Physician to the Medical Staff of the Hospital.

There has been a change in the Administrative Staff by the appointment of Mr. Mallett as Assistant Secretary to the Hospital in succession to Mr. Dent, who was appointed Secretary of the Bishop's Stortford Hospital.

It has become a habit to report annually to you for the past five years on the development of our building scheme, and previously this was restricted to announcing that "the scheme is in hand and early completion anticipated."

I am glad to tell you now that at long last the whole of this work is complete.

The Hospital has enjoyed the facilities of the enlarged building during the whole of the year, and now the new Pathological Laboratory is built and its fixtures installed. A Pathologist has been appointed and other Staff is being appointed. An offer of assistance to procure equipment has been generously given by the Ministry of Health, and the Laboratory should definitely come into existence in June of this year.

The establishment of this Pathological Laboratory is the result of many years' work, and your Board are confident that not only will it add considerably to the efficiency of the Hospital but to the medical and public health work of the county.

The Board, bearing in mind that the Laboratory owes its existence in no small degree to the energy and foresight of their Chairman, recommend that it be given the official title of "The Donaldson-Hudson Laboratory."

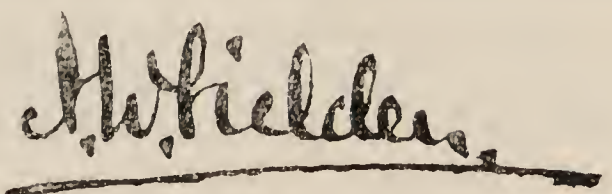

Finally, in this review of the work of your institution, I would like to comment on the organisation of our Emergency Blood Transfusion Service, if only to put on record the enthusiasm of Shropshire people for this form of national service.

We set up our organisation at the outbreak of war, when the results were at first a little disappointing. In June last we became associated with the Regional Blood Transfusion Service, which is directed from Birmingham, and since that time we have supported the Central Blood Bank by sending to it each week six pints of blood given by Shropshire donors. Up to date, by this regular service, 252 pints of blood have been sent to the Central Bank, and on several occasions we have received S O S's for special donations to help districts which have suffered from air bombardment.

A typical illustration of this service occurred only last week, when, in reply to an S O S, we sent 39 pints of blood on Monday and a further 50 pints on Saturday.

One reaction to the appeal to Shropshire for Emergency blood donations is the effect it has upon the recruitment of new blood donors. Each S O S received is invariably followed by large number of volunteers who desire to be associated with this service, and in effect our organisation grows in strength commensurate with demands made upon it. Your Board of Management desire to extend their grateful thanks to everyone who has helped in this essential service.

In conclusion your Board wish to thank the Governors for their help given in so many ways during the past year, and to reaffirm their intention of carrying forward into the coming year the high traditions of the Voluntary Hospital Service, which have for so many years been typified in Shropshire in the work of the Royal Salop Infirmary.

A handwritten signature in dark ink, reading "H. Fielden", with a horizontal line drawn underneath it.

April 22nd, 1941.

Vice-Chairman.

MATRONS REPORT, 1940

During the year some changes have been made in the Nurses' educational syllabus. Instead of Probationers entering the Infirmary singly and going straight into the Wards, a short Preliminary Training Course has been arranged. Six to eight Probationers enter every three months and receive instruction in practical and theoretical work from Sister Tutor for two weeks before working in the Wards.

This has added considerably to the work, so a Staff Nurse has been appointed to help in the Lecture Room and Nurses' Home.

A Hospital examination was held in November for the Nurses who were shortly completing their three years' training, the examiner being Miss Harris, a Sister from St. Thomas's Hospital. There were seventeen entrants, all of whom were successful, and the result of this examination, together with the marks of the examination held during the three years' training, decided the awards of the Harley Memorial Medals.

The awards were as follows :—

Gold Medal Standard (80% of the total marks). Qualified in order of merit :—

Gwyneth Batten	Awarded Gold Medal.
Lillian May Hill	Awarded Gold Medal.

Silver Medal Standard (70% of the total marks). Qualified in order of merit :—

Muriel Davies	Awarded Silver Medal.
Catherine Elizabeth Owens	Awarded Book Prize.
Dorothy Gertrude Lewis	Awarded Book Prize.

Mrs. Whitehurst, formerly Matron of Queen Elizabeth Hospital, Birmingham, came and presented the Medals and Certificates on 3rd December, and gave a very helpful address to the Nurses. It was a great pleasure to welcome the parents of the Nurses and many friends of the Hospital on this occasion.

On 1st April we had the honour of a visit from the Princess Royal, who went into each Ward, and spoke to nearly every patient.

In July Miss Price returned from the Queen Elizabeth Hospital, Birmingham, where she had taken a Housekeeping Course, and took up her duties as Sister-in-Charge of the housekeeping department. In November Miss Bullock was transferred from the Surgical Women's Unit to the Casualty Department, and Miss Newcombe was appointed Sister to take her place.

The new dining rooms for the Nursing and Domestic Staff were opened at the beginning of the year, and the bright rooms and extra space have been much appreciated.

The kitchen department has been re-decorated, new equipment supplied, and alterations made in the main kitchen.

The emergency beds have been in use since May, and we have received three convoys of patients from Birmingham. Sansaw, Ford House, Prees Hall and Cheswardine have been equipped as Auxiliary Hospitals, but are not yet occupied.

Christmas festivities were somewhat curtailed owing to wartime conditions, but the patients had a happy time, and we are grateful to everyone who contributed so generously to the Christmas Fund.

The Sisters and Nurses each gave two performances of their Concerts. The appreciation of their audiences must have been ample reward for all the hard work entailed in rehearsing, etc.

I must express my thanks to the Honorary Staff, who continue to give lectures to the Nursing Staff in spite of increased work, to Mrs. Green and her band of helpers, who make dressings and bandages for the Theatres and Wards, and to all our friends who by their gifts and interest help and encourage us in our work.

L. A. D. EVANS,
Matron.

Ladies' Auxiliary Committee

THE TWENTY-SIXTH ANNUAL REPORT

The Sub-Committees gave continual help and support to the Infirmary during 1940. The Entertainment Committee has been unable to organise any money-raising effort, and has therefore no report to give. On the other hand it is most satisfactory to be able to report that the Library has at last been opened, and that the issue of books on regular days each week is very much appreciated by the patients.

LINEN LEAGUE.—The Linen League has lost one of its most devoted supporters, by the death of Mrs. Willoughby Gardner. She was one of the original Vice-Presidents, and had served on the Committee since 1918, and her work and interest in all that concerned the welfare of the Infirmary were untiring. The Church Stretton Branch of the Mothers' Union sent a donation of £5 to the Linen League, as a tribute to her memory. Another sad loss has been the death of Mrs. Corbett, who beside being a Vice-President, had also served for some years on the Committee. Subscriptions have been well maintained, and have been sent in earlier. This has been a great help to the Hon. Secretary and Hon. Treasurer, in getting out their reports and accounts.

It has been possible to meet nearly all the requirements in respect of Linen, etc., with the exception of sheets. A payment of £20 from the balance standing to the credit of the Young Peoples' League, enabled all the needs of the Children's Wards to be supplied.

Another very welcome sum received was £20 from Miss Madders, as a result of sales of chocolate, writing paper, etc., throughout the year.

The Committee wishes to place on record its deep appreciation of the work of Mrs. Stokes, who has been Hon. Treasurer since 1930, and during her ten years of office has done everything possible to assist the work of the Linen League. Her place as Treasurer has been taken by the Hon. Mrs. Edward Lambart.

Subscriptions for the year amounted to £316 9s., a total of 196 articles were received. In addition, a quantity of garments for Service Patients have been provided through the Women's Voluntary Services.

New Vice-Presidents are :—

Mrs. W. Corbett *vice* the late Mrs. Corbett.

Miss Baldwin *vice* Miss Holmes a Court.

Mrs. Arnold *vice* the late Mrs. Willoughby Gardner.

Mrs. Everall *vice* Mrs. Ritchie.

Mrs. Evans *vice* the late Lady Corbet.

Mrs. Hughes *vice* Mrs. Smout.

Mrs. Stokes and Miss Gardside have been elected to the two vacant places on the Committee.

HAMPER SCHEME.—Among various contributions received, the splendid Pound Day organised by Hadley Women's Institute deserves special mention. The Shropshire Hospitals Egg Collection provided 17,282 eggs. The following were especially good hampers :

			£	s.	d.
Cheswardine Women's Institute :	Goods	...	2	15	4
	Cash	...	1	7	6
Hadley Women's Institute Pound Day :	Goods	...	10	4	8½
	Cash	...	10	5	1
Hamper, per Mrs. Swire :	Goods	...	2	2	0

Many other gifts were received, from village Women's Institutes, etc. Fruit and vegetables were sent from the Harvest Festivals of eighty-one churches, and although the actual cash value of these contributions is impossible to assess, their use to the Infirmary is enormous.

VISITING COMMITTEE.—At the Annual Meeting of the Visiting Committee, Mrs. Cuthbertson was elected Hon. Secretary, and the list of Visitors was revised. In consequence of the enlargement of the Hospital, with the opening of new Wards, additional Visitors were needed, and the following ladies have joined the Committee during the past year : Mrs. Keeling, Mrs. Watkins, Mrs. Urquhart, Lady Headlam, Mrs. McCorkell, Miss Churchill, Miss Gale, Mrs. Gauld and Miss Rowland. With their help, all the Wards have been regularly visited.

TINFOIL COMMITTEE.—A sharp rise in the value of scrap of all sorts has led to a satisfactory increase in the sale of tinfoil. During the period December, 1939—November, 1940, 17 cwts. of foil realised £31, as against 12 cwts. sold during 1939 for £12. Lady Butler has joined the Committee, and it is hoped that a campaign in 1941 to try to arouse fresh interest in the collection of foil may add greatly to the quantity brought to the Infirmary.

LIBRARY.—The Library was opened at the end of July, and books are regularly given out in the Wards on Tuesdays. Mrs. Rodger is Head Librarian, and is assisted by Mrs. Benion, Mrs. Cohen and Miss Isaacs. Much generous help was given to start the Library. Mrs. Perkins gave two book trolleys, Lady Stanier the index cards, the Red Cross Library Committee (through Lady Jaqueta Williams) made a donation of £10, and a large number of people have given books.

LADY DIRECTOR.—Mrs. Swire has been elected to serve for a further period of three years as Lady Director representing South Shropshire.

TERESA BERWICK, *Chairman.*

GWYNEDD LLOYD, *Hon. Secretary.*

December, 1940.

X-RAY DEPARTMENT

The number of patients referred for X-ray examination during the year 1940 showed an increase of 10 per cent over the previous year. The Hospital area having become an evacuation area, it was anticipated that a much larger increment on the previous year would have been shown. It is possible that the effect of evacuation in the Infirmary X-ray Department will not be manifest until the figures for the year 1941 become available.

The war has touched diagnostic radiology, as it has every other form of national activity ; certain opaque solutions used in radiology were manufactured in Germany and in America. British manufacturers have stepped in, and have produced opaque solutions in every way satisfactory, and in some cases superior to the foreign imported product.

The patients undergoing Superficial or Deep X-ray treatment show a very substantial increase over the previous year.

One or two minor alterations have been made to the Department during the past year. A reduction in the size of the individual dressing rooms has increased the number available from four to six. This is a very considerable help in a Department through which thirty patients per day have to pass, and of whom a considerable proportion have to undress in order that their examination can be carried out.

One other modification has been the installation, in the machine room, of a switch which will allow the Department to change from the national power supply to the Infirmary's own generating system if that were necessary.

I wish to express my appreciation of the devoted service to the Department, in very arduous and fatiguing work, of Sister Cooper and of the Staff of the Infirmary X-ray Department.

J. LAVELLE,
Hon. Radiologist.

EXTRACTS FROM THE STATUTES

PRIVILEGES OF GOVERNORS AND SUBSCRIBERS

- Statute* (7)—Every Annual Subscriber of 10s. 6d. or upwards shall be entitled to one Recommendation Ticket for each 10s. 6d. subscribed. All cases recommended shall be investigated in the manner laid down by the Board of Management, and the patient so recommended shall be medically examined by one of the Resident Medical Officers, or by the Physician or Surgeon for the week, who shall have power to admit the patient as either an in-patient or an out-patient as the nature of the case seems to require, or to decline the case as not admissible under the Rules of the Institution. A Recommendation Ticket is available during the year of subscription only, and benefit to a patient in respect of it shall not endure for more than eight weeks from the date of admission in the case of an in-patient, or twelve weeks in the case of an out-patient, after which the patient must obtain another ticket, if further treatment is necessary.
- Statute* (8)—Every Life Governor by virtue of a donation of £52 10s. 0d. or upwards shall be entitled annually to four Recommendation Tickets for each complete £52 10s. 0d. so subscribed, up to a maximum of twelve. All Life Governors appointed prior to this revision of Statutes shall enjoy the same privileges as heretofore.
- Statute* (9)—Every Temporary or Representative Governor shall be entitled annually to four Recommendation Tickets for each vote to which he is entitled under Statute 2.
- Statute* (10)—Every Clergyman or Minister of Religion who shall permit a collection to be made in his Church or Chapel for the Infirmary shall be entitled to two Recommendation Tickets for every £1 1s. 0d. received by the Infirmary from that source, up to a maximum of twelve Recommendation Forms.
- Statute* (11)—All subscriptions shall be due on the first January and payable in advance, and no ticket shall be issued to any subscriber whose subscription is in arrear, nor shall any ticket be available except during the twelve months for which it is issued.

ADMISSION AND DISCHARGE OF PATIENTS

Patients other than urgent cases, shall be admitted and discharged every Saturday by the House Committee, who are authorised to use their discretion as to the admissibility of any patient.

No patients shall be admitted but such as are themselves unable to pay for adequate advice and treatment, and whose relatives are unable to make such provision for them.

All In-patients shall be discharged at the end of eight weeks from admission, unless the Physicians or Surgeons certify to the Board of Management that there is a probability of their being cured, or receiving relief within a reasonable time, and in that case they shall procure a fresh recommendation, unless the Directors see fit to dispense with this requirement. The Resident Surgical Officer shall report to the Board of Management all cases of In-patients remaining in Hospital longer than the specified eight weeks.

It is the work of an expert to plan and successfully to lay out a laundry.

The conditions vary in such a number of ways that the selection of PROPER EQUIPMENT to meet the needs of the present and provide means for expansion in the future is of paramount importance.

We have planned successfully throughout the country numerous Laundries, and our Technical Staff are at your service and will be pleased to consider your requirements, prepare plans, layouts and specifications without obligation.
